

# A Common Voice

for Pierce County Parents

## **Gig Harbor Multicare Building**

**4545 Point Fosdick Dr NW**

Monday evenings 7:15-8:45 p.m.

A Common Voice leads parent facilitated parent support groups. Come join other parents who have had experience raising children with complex emotional/behavioral health care needs. Discover better coping skills, learn how to refocus your parenting, and get support at this difficult time with your child. A Common Voice can offer education, encouragement, and empowerment to parents.

We recognize parents who are "doing a tough job with tough kids!"
